

Reolink

REOLINK SOLAR PANEL 3 SOLAR PANEL FOR THE BATTERY CCTV CAMERAS

- Compatibility: Reolink battery-powered cameras with USB port.
- Enables continuous power supply.
- Adjustable Mount: Yes, 360° rotation to optimize orientation and maximize sun exposure.
- Screws and Plugs: Provided.
- Drilling Template: Yes.
- Waterproof Connection: Yes.
- Weather Resistance: Complies with IP65 standard.
- Cable Length: 4 meters.
- Operating Temperature: -10°C to 55°C.
- Charging Temperature: 0°C to 45°C.
- Dimensions in Millimeters:
 - 310mm (W) x 204mm (L)
- Weight: 699g.
- Height of Mounting Bracket: 150 mm.
- Maximum Power: 12W.
- Maximum Voltage: 6Vdc.
- Maximum Current: 530 mA.
- Color: White / Camouflage

Overview

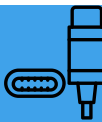

IP65 Weatherproof

Reolink Solar Panel 3 is a high-efficiency solar panel designed for long-term outdoor use, and one of its key features is its IP65 certification.

High-Efficiency 12W Power Support

Reolink Solar Panel 3 delivers faster and more stable power for your cameras with its 12W output. Thanks to its high-efficiency solar cells, it provides reliable energy even on cloudy days.

Reliable Type-C Connection

Reolink Solar Panel 3 uses a USB Type-C port for stable, efficient, and weather-resistant power delivery, ensuring a secure and convenient connection to your camera.

Crystal Cell Power

Reolink Solar Panel 3 uses monocrystalline solar cells to efficiently convert sunlight into electricity. This design ensures high performance even in low light and provides long-lasting, reliable power output.
